PREVIEW—MARCH ISSUE OF THE KIWANIS MAGAZINE

If a group representing employers, employees and the general public can get together and settle labor problems before the walk-out takes place time and money are saved. Every citizen benefits directly or indirectly, and there must be a conference after the walk-out, generally a whole series of them. With this thought in mind the Toledo Plan for Industrial Peace came into existence. There were a lot of reasons why it should not work but those who promoted the plan were so anxious to prove it could be done they didn't take time to be interrupted by the forces that might stand in the way. It worked and Edmund Ruffin, director of the Toledo Industrial Peace Board, explains how it was all done in an interesting lead article in the March issue of The Kiwanis Magazine.

There are some other exceptionally important articles in the March issue; for instance, Past International Trustee Charles S. Donley gives expert information on "A National Transportation Program;" F.

A. Silcox, Chief United States Forest Service, tells of "The Community Forest as a Natural Asset;" Karl Detzer gives an interesting and highly entertaining explanation of what Indiana University is doing to bring "Culture to the Crossroads;" a Professor of Philosophy at the Texas Christian University, Perry E. Gresham, tells a serious story in a lighter vein entitled, "I Teach in a Football University;" while Dr. J. Roscoe Miller tells all of us who are past forty that "moderation" is a mighty important word in our lives.

There are a number of special club activity features and some special articles having to do with matters of particular interest to Kiwanians. For instance, Lum and Abner will broadcast some things about vocation guidance on March 10 and there is an article telling something about these service-club-minded chaps.

The Boston Convention is represented by some articles telling about Boston, about the plans for the convention and one particularly which offers a little advance information on speakers.

The regular features are of course included, Secretary Parkers's page, Roe Fulkerson's Personal page and

COMMITTEE WORK

Clayton Phair, chairman of the Sports Committee says:

"February 22 was a holiday for the Bowling teams, and it's to be hoped the Kiwanis No. 1 Bowling team have used the lay-off to good advantage.

"In their last two matches they lost seven out of eight points, and unless they brace up they are headed for the cellar. The No. 2 team has been steadily improving and seem to have a ruck a winning stride at last."

At a recent meeting, cards were handed to members to indicate their desire for additional sports and the highest were as follows:

Golf, 13; Bridge, 11, Shuffle Board, 10 and Horseshoe, 10.

Other sports received a vote of one or two but were discarded by the committee as not having enough enthusiasts to try to further them at this time.

The committee will actively engage in programs for the above sports and you will hear from time to time as to their progress.

COMMITTEE REPORTS

Committee reports are very slow in coming in and the secretary is anxiously awaiting these so that he can complete his report to International. Please, PLEASE get them in at once.

MEMBERS PLEASE NOTE

LeRoy Carroll has been reported as holding his own but is not able to have visitors. We sincerely hope that he will be improved soon so that some of our members can visit him to let him know that we are looking forward to his early return to the meetings.

Dr. Ken Burton is now confined to the Quintard Hospital (Louis Clark) and is on the mend. He is able to see visitors and members are urged when time permits to make a call.

RAH! RAH! RAH!

ZIZZ! BOOM! BAH!

KIWANIS FRESHMEN

RAH! RAH! RAH!

Our position as "freshmen" at State College was very interestingly brought home to us in the various talks given at our last meeting by some of the students under the leadership of Dean C. E. Peterson.

Many phases of college activities were explained to us and we know now just where to head in when we start at "State."

The following took part in the talks: Russel Alkire, George Thompson, Jack Hoxey, Bill Miller, James Borders, Howard Cooper, Bower Forbes, and Sol Schultz.

Included in this excellent program were several Marimba solos executed by Norman Steinbach who was accompanied at the piano by his sister Barbara.

The program was very well put on and we are indeed indebted to Dean Peterson and these members of the school for their part in another good program.

NEXT TUESDAY

Our next week's speaker will talk on the all important subject at this time of Socialized Medicine and the trend of medicine at the present time.

This talk should be interesting from several standpoints and will no doubt give much information as to what the medical profession is trying to accomplish in the way of present day practice.

WHERE TO MAKE UP ATTENDANCE

TUESDAY

Brawley, Planters Hotel, 12:10.
Oceanside, El Rey Cafe, 12:10.
San Diego, San Diego Club, 12:10.
