No. 7

## PREVIEW—APRIL ISSUE OF

### THE KIWANIS MAGAZINE

The lead article in the April issue of The Kiwanis Magazine is of a somewhat unusual nature. It is entitled "The Family at the Crossroads" and its author is Dr. Albert D. Heist, chairman of the New York district's interesting committee on Home Environment. Dr. Heist tells of some of the difficulties encountered by the heads of families and offers some remedies for conditions that exist. Just where Kiwanis fits into the picture is explained.

"Cleveland Makes it Four R's" is the title of an interesting education story by Karl Detzer who has written some very splendid articles having to do with new and effective ways of handling civic problems.

An article of outstanding interest comes from Los Angeles and its author is J. Clark Sellers, past president of the Los Angeles club and former lieutenant governor. Kiwanian Sellers enjoys a world wide

reputation as an expert on signatures and questioned documents. He was a government expert in the Hauptman trial. A finely illustrated article tells of some of his most interesting cases. He has titled it "Do You Know Your Own Signature?"

In the lighter vein is presented "The Speaker Speaks" by Frank Farrington of Delhi, New York who is widely known for his magazine articles. He is a past president of the Delhi club.

The Boston convention is responsible for an article on "The Glamour of Gloucester" and some additional information of the speakers who will appear on the program. "A Way to Prosperity through Tax Revision" is explained briefly but definitely by W. Clement Moore, tax expert of Philadelphia.

There are more than the usual number of special features telling of unusual things accomplished by clubs.

Roe Fulkerson has three pages of humor and philosophy, his special personal page and two pages of editorials. Secretary Parker has a Secretary's Page of particular interest

EASTER PROGRAM

Our Easter Program will be of exceptional merit as we are to have quite a musical program to which will be added an inspirational message of the occasion by our own President Frank Lowe.

These programs are always good and we know what Frank can do so that will make this an outstanding meeting of the year.

As this will be a very enjoyable one, especially for the ladies, the President announced that it would also be "Ladies Day" so members are invited to bring their ladies and guests to this specially prepared Easter Service meeting.

In order to have as much time as possible for the program, members are requested to sit down as soon as possible as they will be waited upon immediately and thus enable the meeting to progress faster than usual.

The "most prevalent disease in the world" proved to be a very interesting subject at our last week's meeting and Dr. Furnas certainly knows

how to make a chalk talk.

No wonder he has been such a success as professor in his line of work and we are sure that he had very few pupils who lagged behind the very high standard he sets forth.

Teeth and toothaches were very closely described and now you know just what to do when you have that "tell-tale" sign of bad teeth.

Thank you Lester for this very excellent talk.

When it comes to doing things in a very big way, members are tested and not found wanting. This was clearly shown at the last meeting when Harry Malm called attention to the needs of the Helping Hand Home for children and the wonderful response to his plea for additional funds to help defray the cost of a washing machine and some baseball equipment for the "home."

Members will be interested in knowing that more than sixty dollars were received in the Washing Machine as their donation towards the payment of these articles.

Committee reports are very slow in coming in and chairmen are again urged to send these in immediately.

Next Tuesday will be the last day in which reports can be received for the monthly report to International, so hurry, hurry, hurry!

## PROMISE YOURSELF

To be so strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something in them.

To look on the sunny side of every thing and make your optimism come true.

To think only of the best, to work only for the best and expect the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To give so much time to the improvement of yourself that you have not time to criticize others.

To be too large for worry, too noble for anger, too strong for fear and too happy to permit the presence of trouble.

It is none too early to arrange your trip so that you can be in Boston for the International Convention June 18-22.

Those who are intending to make

this trip should make it known at once and the secretary can give you further information as to requirements and hotel reservations.

Watch this carefully.

Members are cautioned against cashing checks for strangers claiming to be connected or associated with Kiwanians in this or adjoining towns.

Information has just been received that a woman has been operating in Ft. Worth and Dallas, Texas, and it is possible that she might be traveling this way to continue her shekel gathering from unsuspecting members who might think they would be doing wrong to turn down these pleas for help.
